

# Zebra® Patient Identification Solution

Printable wristbands and on-demand wristband printers

## Nothing is left to chance.

Using Zebra wristband media printed on a Zebra printer provides a critical first step in many patient safety initiatives. Printing wristbands rather than handwriting them ensures that all required data is present. Adding a bar code or an RFID tag provides a vital extra safeguard against mistaken identity.

Zebra wristbands are durable and will last throughout a patient's stay in hospital. High-quality wristband printers, small in size yet with no compromise in performance, are easy to operate and maintain.

# Zebra Wristband Solutions

**Z-Band® Direct**

**Z-Band QuickClip™**

**Z-Band 4000**

**Smart Wristbands™**

Offering ribbonless printing, Z-Band Direct wristbands meet healthcare patient identification and safety requirements. These latex-free, self-adhesive wristbands with special UV coating are waterproof and provide durability with resistance to alcohol, solvents and mild soaps. Adult, child and neonatal sizes available.

Two-piece clip-fastening bands with ribbonless printing, Z-Band QuickClip meets healthcare patient ID specifications particularly where secure fastening is required. These latex-free wristbands with special UV coating are waterproof and provide durability with resistance to alcohol, solvents and mild soaps. Adult size only.

Zebra Z-Band 4000 wristbands offer excellent print quality for accurate patient-tracking. Self-adhesive and latex-free, they are waterproof and resistant to smearing, abrasion, alcohol and mild cleansers. Adult size only.

Zebra's tamper-proof clip-fastening 13.56MHz RFID wristbands are fast and accurate, and offer flexible read-write capabilities. RFID-enabled wristbands support the same data as bar-coded wristbands plus they don't require line-of-site scanning, allowing data to be read through bed sheets or patients' clothing. Adult size only.

## Wristband choices

- **Band Sizes:** Adult – 25.4mm x 279.4mm\* (1" x 11"), Child – 25.4mm x 177.8mm (1" x 7"), Neonatal – (19.05mm) x 152.4mm (0.75" x 6")
- **Band Colour:** White. Custom colours available except on Smart Wristbands
- **Graphics Support:** User-defined fonts, graphics including photographs
- **Closure:** High-performance acrylic adhesive; clip-fastening (Z-Band QuickClip and Smart Wristbands)
